General Purchase Conditions of the EVN Group

The following General Purchase Conditions shall apply unless otherwise stipulated in the order. Any terms and conditions of the contractor that have not been expressly acknowledged by the client will not be binding, even if the client has not expressly contradicted them.

1. Orders as well as modifications and amendments to the contract must be drafted in writing in order to be valid. Oral agreements will only be legally binding if they have been confirmed by the client in writing.
2. If the contractor has submitted an estimation of costs, its compliance shall be guaranteed unless the opposite is expressly stipulated in the estimation of costs.
3. The prices indicated in the order are fixed prices. Deliveries shall be free to the place of performance, packed, insured and unloaded. Any risks will only be transferred to the client once the delivery/services have been accepted as set out in the contract. The place of fulfillment is the delivery address indicated in the order.
4. Acceptance of a delivery/service will only be valid with the written confirmation of the client.
5. The contractor shall ensure that its personnel and the subcontractors engaged by it comply with the legal regulations pertaining to the protection of the life and health of employees and the environment. Workers may only enter those areas designated by the client. They must comply with the instructions issued by the client's construction or assembly supervisors. The contractor expressly undertakes to comply with its legal monitoring duties with regard to any foreign nationals employed by it or by its subcontractors as defined in the Law on the Employment of Foreign Nationals, Federal Law Gazette of the Republic of Austria I, No. 218/1975 in its current, valid version. The contractor shall comply with these monitoring duties before work commences by presenting all the corresponding documents (residence permits, work permits etc.) to the client without being prompted and shall hold the client and its bodies and employees free and harmless from any damage and/or liability resulting from a violation of these duties.
6. The contractor has a comprehensive duty to coordinate and collaborate with all those working at the construction site as set out in section 8 of the Employee Protection Act. In respect of the provisions of the Employee Protection Act, the contractor is also obliged to support EVN in its role as client and any persons in charge (coordinators, project managers) when fulfilling their duties in accordance with the Construction Coordination Act as best it can. In particular, it guarantees that the general principles of risk prevention set out in section 7 of the Employee Protection Act will be implemented and the safety and health protection plan will be adhered to. If the Construction Coordination Act is not applicable to the project in question, then the provisions of the Employee Protection Act shall apply in any case. The contractor shall hold the client and its bodies and employees free and harmless from any damage resulting from a violation of these duties.
7. The contractor guarantees that the delivery/service as stipulated in the contract shall be rendered free of defects. Statutory warranty provisions shall apply unless otherwise stipulated in the order. The warranty also covers any defects that arise during the agreed warranty period. The contractor is obliged to prove contractual fulfillment of the contract free from defects. When a defect is reported, dismantling and reassembly costs as well as any additional costs arising shall be borne by the contractor.
8. The contractor is liable for all damage caused by actions or omissions on the part of the contractor, its personnel, its subcontractors or the contractor's other assistants related to or arising from the delivery or service and for damage caused by the materials or components utilized by the contractor. The contractor is also liable for any materials, building elements or other objects handed over by the client or other companies for assembly or sub-assembly. In all cases, the contractor must prove that it or its personnel, subcontractors or the contractor's other assistants are not to blame. This applies both in the case of slight negligence and gross negligence. Upon first request, the contractor undertakes to hold the client free and harmless from any claims asserted by an employee or third party against the client related to damage caused during implementation of the contract.
9. The contractor is obliged to take out third party liability insurance at its own expense that covers all the liability risks described in legal provisions and ensuing from the contract. This insurance must also cover the third party liability requirements of the companies and persons engaged by the contractor to implement the contract.
10. A single copy shall be issued of each invoice accompanied by the order number and sent to the invoice address indicated in the order. The invoice must comply with tax regulations; in particular, the VAT number must be indicated and the amount payable in value added tax shown separately. Invoices that do not comply with these prerequisites cannot be used to justify delays in payment and may be rejected by us. Provided the delivery/services have been accepted as stipulated in the contract, the period allowed for payment will be determined once the invoices and/or all the documents pertaining to the delivery/service have been received by the issuer indicated in the order. Unless otherwise stipulated, only an overall invoice is permissible in the case of partial deliveries/partial services once the contract has been fully implemented. Payments generally take place only once a week on the Wednesday following the day payment is due (payment transaction day). Payments made according to this payment run are regarded as having been made on time for any agreed discounts/trade discounts etc. and will not incur any interest on arrears if the period allowed for payment is exceeded. If the client delays payment, then the interest on arrears pursuant to article 1000, paragraph 1, last clause, Austrian Civil Code shall apply. Except for intention, no further claim for damage following delays in payment may be asserted.
11. Communications concerning assignments of claims must be sent in writing, not by fax or e-mail otherwise they are invalid, to the client's central accounting department and will become valid at the end of the second working day following receipt. The contractor expressly accepts that this processing period is reasonable. If a claim is assigned, the client is entitled to charge and without a fee for processing and record-keeping amounting to 1% of the assigned claim.
12. Provided this is legally permissible, the contractor's retention rights as set out in the Austrian Civil Code and/or the Austrian Companies Act are expressly waived. The client is entitled to set off its own claims, as well as claims asserted by companies in the client's company group, against

claims asserted by the contractor

13. The contractor undertakes to maintain the confidentiality of all the information and documents provided (samples, drawings, sketches, electronic data, calculations and the like) that it learns of during its business relationship, to properly protect these items, to use them exclusively to implement the contract and not to grant third parties access to them unless such documents and information were already in the public domain or freely available. The original version of documents provided by the client shall be returned to the client upon acceptance of the deliveries/services and no copies thereof shall be retained by the contractor. The contractor may only publish project-related data or name the client as one of its clients with the written consent of the client. If the foregoing duties are violated, the contractor shall pay the client a contractual penalty amounting to EUR 25,000 for each instance of violation irrespective of blame and without prejudice to any other claims asserted by the client.
14. The contractor shall ensure that the deliveries/services comply with state-of-the-art technology. The contractor is liable for any resulting damage, in particular following loss of the availability, confidentiality or integrity of the client's IT systems and/or data.
15. The contractor is liable for ensuring that its deliveries/services do not violate third party industrial property rights. The contractor shall hold the client free and harmless from any claims asserted in this respect.
16. The contractor grants its explicit consent as set out in the Data Protection Law for data related to this transaction to be passed on to third parties if required (e.g. planning companies, co-owners of installations, insurance companies), however not to competitors. The contractor shall ensure that both its own employees and service providers adhere to provisions relating to the subject matter in these general purchase conditions and to legal provisions, in particular the Data Protection Law and sections 48a et seq. Stock Exchange Act. Their attention shall be drawn to the fact that a violation of the duty of care and the duty of confidentiality may result in claims for compensation and lead to criminal prosecution.
17. Provided this is permitted under the provisions of sections 25a, 25b of the Insolvency Code, the client is entitled to immediately withdraw from the contract in case of insolvency, excessive indebtedness or a tangible deterioration in the contractor's financial situation or if an application to initiate insolvency proceedings in respect of the contractor's assets is rejected because of a lack of assets to cover the costs of the proceedings. If the client withdraws from the contract, it will only be liable to pay for the work or services already rendered by the contractor, provided they are usable by the client for the agreed purpose of the contract. Under no circumstances will it be liable to pay more than this proportionate sum.
18. The client is entitled to assign the contract with all its rights and duties to a company in the EVN Group and to make it binding upon said company. The contractor may not assign the contract or parts thereof to third parties and/or engage subcontractors without the prior, written consent of the client.
19. The exclusive place of jurisdiction for both contracting parties is the court with jurisdiction in Vienna Innere Stadt. However, the client is also entitled to take legal action against the contractor at the latter's general place of jurisdiction. Austrian substantive law shall apply to the exclusion of UNCTRAL trade law and the provisions on the choice of applicable law under private international law. The contract language is German.
20. If any single provision in these general purchase conditions is or becomes completely or partially invalid or unenforceable then this will not affect the validity of the remaining provisions. The parties agree to replace the invalid or unenforceable provision with a provision that comes closest to achieving what the parties originally intended when they drafted the invalid or unenforceable provision in accordance with the sense and purpose of the agreement.

EVN Group Integrity Clause

The contractor has taken cognizance of the following integrity clauses, to which the EVN Group is also committed, and shall take them into consideration when rendering its deliveries/services. The client is entitled to revise the content of these duties at any time. In case of violation, the client is entitled to request negotiations in order to re-establish the contractual conditions. If the contractor fails to comply with this request within one month or does not desist from or correct the ascertained breach of contract amicably or within a reasonable period of grace, the client is entitled to terminate the contract with immediate effect. If the contractor refuses or prevents such revisions from being carried out, the client is likewise entitled to terminate the contract with immediate effect. Furthermore, the contractor undertakes to make the following principles and policies binding upon its upstream suppliers and subcontractors.

1. **Recognition of human rights.** Our contractors and subcontractors are expected to recognize and uphold the United Nations Declaration on Human Rights and to ensure that they are not involved in violations of human rights.
2. **No child labour or forced labour.** During the manufacture of their products and provision of their services, our contractors and subcontractors undertake not to use or tolerate the use of child labour or forced labour or other involuntary labour as set out in the Conventions of the International Labour Organization (ILO).
3. **No discrimination or harassment in the workplace.** Each employee shall be treated with respect and dignity. No employee shall be physically, mentally, sexually or verbally harassed, abused or discriminated because of his or her sex, race, religion, age, origins, handicap, sexual orientation or political or ideological views.
4. **Safety and health in the workplace.** Our contractors and their subcontractors must ensure that safety and health are guaranteed for their employees in the workplace while observing any applicable laws and regulations. Free access to drinking water, sanitary facilities, appropriate fire prevention equipment, lighting, ventilation and - if necessary - suitable personal protective equipment must be provided. Employees shall be trained in the correct use of protective equipment and in general safety rules.
5. **Labour and social security laws.** Our contractors and their subcontractors undertake to abide by the labour and social security laws that apply in each country when implementing contracts.
6. **Transparency as regards working hours and remuneration.** Working hours shall be in line with applicable laws. The persons employed by our contractors and subcontractors shall receive employment contracts in which working hours and remuneration have been laid down.
7. **Protection of the environment.** We expect our contractors and their subcontractors to observe all applicable laws and regulations on the protection of the environment when carrying out their entrepreneurial activities and to pay proper attention to economic, ecological and social aspects when rendering their services/deliveries and thus not lose sight of the importance of sustainable development.
8. **Reduction in the use of resources, waste and emissions.** The continuous improvement in the efficiency of how resources are used is an important part of management and running a business. Our contractors and their subcontractors shall minimize waste of any sort and discharges and emissions into the air, water and ground.
9. **High ethical standards.** We expect our contractors and their subcontractors to attach a high degree of importance to business ethics, to abide by prevailing national laws (in particular labour, competition, anti-trust and consumer laws) and to refrain from engaging or participating in corruption, bribery, deceit or blackmail.
10. **Transparent business relationships.** Our contractors and their subcontractors shall abstain from offering, requesting, granting or accepting any gifts, payments or other comparable advantages or gratuities that might induce someone to violate his or her duties.
11. **Right of assembly and strike.** The persons employed by our contractors and their subcontractors should be granted the right to participate in assemblies and strikes in accordance with the laws of the country where they work without having to fear any possible consequences.
